ASPEN M/LINDEN M SERIES

AKMA glass company

The main defference between Aspen M and Linden M series is material of door frame.

Doors can be ordered with different types of handle. Main type - excellent ergonomical handle made of beech tree. This handle has a magnet for tight and strong closing. Another type of handle is so named handle wood-wood. This handle has a roller catch.

All door frames are equipped with special heat-resistant sealant. AKMA sauna doors are closing softly, tightly, keeping the warmth and atmosphere of the sauna inside.

FEATURES:

- 8 mm glass thinkness tempered glass
- aspen/linden wood jamb
- ergonomic wooden handle with magnet locking or optional wood-wood handle
- id 75 hinges (polished chrome coating)

HAMAM SERIES

AKMA glass company

Hamam series is specially designed for wet Turkish (Hammam) baths. This door frame is resistant to water and harsh environment of hot and humid bath.

This door can also be used as a normal interior door in those places where the interior standard door will suffer from water, high humidity. This door can be equipped with a lock and key or WC lock.

FEATURES:

- 8 mm thinkness tempered glass
- Strong anodized aluminum door frame
- Magnet sealing, door panel surely holds the steam inside of the bath
- Universal design, door has left and right opening at the same time, you only have to rotate it at 180 degrees
- Reliable hinges id-133, id-134 or id-709 firmly holds the glass panel
- Different types of handles: ergonomic aluminum handle or a designer handle glass-glass.
- Almost all types of decoration for glass panel is available
- Hamam doors can be ordered with doorstep or without it

ART-SERIES WITH FUSING

AKMA glass company

All doors in this series are made by our craftsmen with different techniques (such as several layer sandblasting, lacquer including color lacquer, fused glass pieces). Visual perception of this door greatly varies from illumination inside of the sauna. Fused glass pieces on glass panel can emit light of different colors and the whole door is looking as a real piece of art.

FEATURES:

- Exclusive design, created specially for sauna and hamam doors
- Longlife – glass and all decoration will not fade
- 8 mm glass thinkness tempered glass
- aspen/linden (optional) wood jamb
- ergonomic wooden handle with magnet locking or optional wood-wood handle
- id 75 hinges (polished chrome coating)
